Mr Betts Interviewed

He Discusses a few of the Changes made
in Ordinances Last Session, and Tells
us of His Trip to the West.

"Well, Mr. Betts, the rustle which
naturally follows your return must
be now pretty well over, you should
have leisure to give THE TIMES half
an hour or so of your time. Was the
late session interesting in the way of
public business?"

"Yes, I think it was. With a
number of new members one natu-
rally expects many suggestions, re-
specting old ordinances, and this
session was no disappointment. Many
ordinances have been improved and
some important new ones introduced.
The more important matters, so far as
the town is concerned, were the mu-
nicipal and school questions. Mr. Ross,
I think, has so arranged the former
that it will be found much improved
as compared with the original. Mr.
Haultain presented a consolidated
school bill, which I fancy will satisfy
you that no pains have been spared
by him in its preparation. The more
important change will be found in the
system of paying grants. This
change was made necessary in the
interests of country schools. To my
mind it is a wise one, and while it
may not work quite as satisfactorily
as expected, it certainly starts out in
the right direction. (I will give you a
copy of that part of the ordinance.)"

"What was finally done with the
game ordinance?"

"Chicken season was made same as
in Manitoba, and no person is now
allowed to kill more than twenty
birds in a day. I fancy it will be dif-
ficult to enforce the law, but as Mr.
Oliver stated, it will tend to lessen the
sportsman's desire to tell big yarns
about his wonderful doings. But you
will soon be supplied with all ordi-
nances and can form your own opinions
as to their merits."

"You seem to have had some con-
troversy over the relief expenditure?"

"Yes, but that was to be expected;
a large amount of money was used
and unfortunately the expenditure
was going on at the same time as the
local elections, which gave rise to a
feeling in some quarters that it was
being used for political purposes. It
is only fair for me to state, however,
that such was not proven to have been
the case."

"But Mr. Oliver claimed that they
should not have expended the money
at all without authority from the
Assembly?"

"He certainly did, but don't you
think it better to usurp a little author-
ity rather than allow women and
children to starve. The amount ex-
pended, I fancy, had more to do with
the objections raised than any violent
wrench of constitutional principle."

"Do you think the Dominion
Government will recoup the Terri-
tories for that expenditure?"

"Well, they certainly should, and
I believe will; if not, perhaps the
people of the Territories may take
occasion to call the attention of the
authorities to their neglect, and it
may be done in not the mildest kind
of language either; but a promise has
been made personally. I believe it
will be carried out."

"How did you enjoy your trip
West, after the session?"

"Tip top. It was a marvel to me,
for remember I had never been west
of Regina before. To me the moun-
tains were simply grand. I spent
most of my time as the guest of Dr.
Brett, at Banff, who was most gen-
erous in his hospitality. Through the
kindness of Insp. Harper, I enjoyed
the experience of a four in hand drive
over Tunnel Mountain; it is most
exciting and most charming. (Just
for once.) Here I saw one of the best
equipped hospitals in the country. It
almost pays one to be sick for the sake
of taking advantage of it. At Donald
I met our old friend Archibald Geo.
Kay looking just as good naturally
as ever. Calgary is fortunate in many
ways. Good water, plenty of stone
and energetic citizens, amongst whom
I was glad to meet some old Prince
Albert people all doing well, but
missing over their enforced absence
from Saskatchewan. I remained a
day at Medicine Hat, principally to
see the well known hospital. This
institution originally started with two
wards—now ranks as the most im-
portant general hospital west of
Winnipeg. When I saw Medicine
Hat and a little of its surroundings I
began to think Prince Albert was
hardly showing the better material
she was made of. With our natural
advantages and larger population
there is only one small cause for our
being so far behind the Hat in the
matter of hospital accommodation."

"Then we can infer you don't pur-
pose any further excursions in that
direction?"

"Hardly that. I was disappointed
in not being able to see McLeod, High
River and Edmonton. I still hope to
see these places and my trip to Donald
has excited a strong desire to travel
over the C.P.R. out to the Coast."

"Were you satisfied with your re-
ception on reaching home?"

"Satisfied! why that word doesn't
anything like express my feelings.
While I felt I had lots of friends here,
I had no idea their expression of good
will would take that turn. I will
never forget it, and will always
wonder why the people were so good."

BRANCEPTIL

The farmers of this place have all
completed threshing, the yield being
very light.

Stevens Bros. have moved their
threshing machine west of the South
Branch, where they will be engaged
threshing for a couple of weeks.

Prairie chickens are very scarce
here this season.

Mr. W. Henry Myers, our teacher
this season, will continue teaching
until December next. He is a resident
of Kinsington district.

A great number of our expert sports-
men are away on shooting expeditions.
Some have gone to Crooked Lake,
about twelve miles from here; others
to the old stand, Waterloo Lake,
they report ducks and geese very
numerous.

Rev. Mr. Williams has moved from
his residence near Hargens View, to
the place formerly held by Mr. James
Clarke, near Hargens View.

Mrs. Miles Lyons, who has been
very ill for the past three weeks, is
now able to be out doors again and is
visiting friends at Red Deer Hill.

Mr. Thos. Taylor has returned home
after threshing a term with Mr. Wm.
Draun of Prince Albert.

The great papers in Great Britain and
the United States freely acknowledge the
wonderful merit of the Family Herald
and Weekly Star, Montreal. The Family
Herald is a great newspaper and a great
family paper, but it is more than that, it is
one of the greatest authorities in the world
on cheese, butter, general dairying, and
general farming. How a progressive, up-
to-date farmer can do without the Family
Herald and Weekly Star of Montreal is
hard, indeed, to understand.

The Manitoba Free Press in speaking
of the Unabridge Piano says: They are
genuine works of art, and reflect the
highest credit upon the firm which has
produced them. The old style of upright
pianos is thrown into the shade. The
Unabridge Piano has a continuous back
rack which will be appreciated in the
padding of duties; sitting down to the
instrument the performer touches a lever and
the keyboard is lowered, and the hinges
of the lid turn out of sight, and the in-
strument presents the same striking appearance
when open as when shut. The Organs
manufactured by the Unabridge company
have been in use for over twenty years,
and require no special description as they
are so well-known and tried in the homes
of the thousands over the whole world.
However, the company is manufacturing
new Organs in Paris, each which is
a credit to Canadian enterprise, being equal
in tone, durability and finish to the best
American.

Pipes, Organs and Cigarettes, im-
ported and domestic at G. W. Baker's.

The "Rural Canadian" continues to
be the most practical paper for the all
round farmer to read. It has made a
decided "hit" in securing the sale
right for "The Farmer's
New Guide," a well bound and hand-
somely illustrated volume of 178 pp.,
published at \$2.50 and not sold at a
lower price except in connection with
the "Rural." Every farmer should
have the Guide, and "Rural." Both
sent to any address on receipt of 50c.

J. D. MAVEETY, Proprietor.

PRINCE ALBERT, OCT. 29, 1895

Mr. Erastus Winman in the *North American Review*, for February, contributes a very solid article concerning the investment of British capital in American industries, and the bearing which such investments will have on the ultimate union of the two great English speaking nations of the world. British investments in American securities are now taking a new shape; instead of being a fixed interest charged on Government loans, it is now a huge international partnership, in which individuals on both sides equally profit. In the last two years Great Britain has been investing in industrial enterprises in the United States at the rate of 1,000,000 a week; but expects that this goes on increasing until it reaches an investment of \$1,000,000 a day. Great Britain has now nearly control of one half of the industrial enterprises of the United States, and in less than twenty years Britain will have control of two thirds of these industrial enterprises. Already the amount of interest received by the United States to Europe, chiefly to England, amounts to twenty millions sterling per annum, and it may be safely intimated that at the end of twenty years this amount will be increased three-fold. Mr. Winman quotes Mr. Gladstone's words when he alluding to the United States and Great Britain says that, "there was no cause upon earth that should now or hereafter divide one from the other; and that nothing will contribute more certainly to the harmony between the mutual interest which is certain to be created by the investment of British capital in American industrial enterprises." Mr. Winman says "that such an inflow of British wealth into the United States will eventually form the wedding ring that will unite these two peoples under one government." This accords exactly with our own views.

Probably one of the most important petitions, from a commercial point of view, ever sent from Prince Albert was forwarded by Mr. Speaker Bots on yesterday's mail. It carried about 150 signatures all interested people, praying for the locating of a road between Prince Albert and Montreal Lake. This action is made necessary owing to the fact that the express companies are unable to handle our fish and the lakes between here and Montreal Lake can produce an almost unlimited supply but owing to conditions which it is practically impossible to take advantage of. We hope within a few weeks to be able to announce that the road has been located and that the exporting of fish has become an established business in our midst.

At a meeting of these interested in Canadian independence called at Windsor, Ont., there were present only fourteen people. The independentists appear to be as scarce as anaxionists, when they stand up to be counted.

The Portuguese officials in the small Indian dependency of Goa, finding themselves unable to put down rebellion, having settled matters by allowing the insurgents to have all their own way. This is a novel and an exceedingly simple way of dealing with a revolt. The Spanish government may find it the best way out of the difficulty in Cuba.

There is a discussion on the question of corporal punishment in schools going on in Toronto, and the *Globe* taking part therein, remarks that the strap, like all other good things depending on public favor, will have its ups and downs. This fact may be added, is what causes the small boy to object to it.

The United States Government is finding great difficulty in making an estimate under the revised tariff. During the first eleven days of October the expenditures have exceeded the revenue by \$7,745,837, and since July 1st the deficit for the fiscal year amounts

to no less than \$17,630,496. Last year there was a deficit in the national revenue of about \$70,000,000.

A school for the training of children to steal has been discovered in New York. From recently transpired events it would be thought that the crooked fraternity of the Empire city would be above this business, and in politics, with Fagin running the wing of a party and the Artful Dodger with a seat in the City Council.

A New York wheelman, Mr. Oswald N. Cammann, has, after appeal to the United States treasury authorities, obtained a decision to the effect that a bicycle ridden over the border by its owner need not pay customs duty. It is hardly what the law intended; but it is in keeping with tradition. The saying is that no act was ever passed that a coach and four could not be driven through, and a bicycle is a small thing compared with a coach.

It was an ultimatum backed up by five warships at Foo Chow that brought the Chinese Government to reason. The same arguments prevailed with the Sultan with regard to the Armenian outrages. These great ironclads are expensive, and in times of peace they do not seem of very great use; but when they do get a chance to put a little work in, it is effective. They have only to stand there and say nothing. The other side know what they mean without opening their mouths.

The Canadian Gazette mentions that last year Canada exported to England £82,841 worth of wood pulp. This is a new feature in the trade with Great Britain and one that is likely to grow. Sweden and Norway send annually to Britain over a million pounds worth of this article, which almost daily is being adapted to new uses, and the demand for which annually grows greater. Canada possesses one of the largest supplies of raw material for making this article to be found in the world, and countries which need it will have to come here for it.

The Chinese magistrate who thought that eleven prisoners beheaded would satisfy the British Government for the murder of eleven missionaries evidently went on the principle of "an eye for an eye and a tooth for a tooth." No doubt he thought he was giving the "foreign devils" a full measure of justice. Now he knows his mistake for 76 heads have fallen and there are more to follow. The magistrate has probably no reason to alter his pre-conceived notions of the relative importance of the British and Celestial Empires.

The Hudson's Bay Company's grist mill is rapidly nearing completion, and he in running order it is expected in about a week or ten days. On taking a cursory survey of the interior under the guidance of Mr. Steele the affable and courteous manager one gets bewildered amongst such an array of wheels, pulleys, belts and other machinery and we are unable to remember the one-third part of the various contrivances which the building contains. It is sufficient however to say for this time that we do not think there is so complete a mill in this country west of Winnipeg. We trust that when it is in running order we shall be able to give a more and extended description of this industrial enterprise which will undoubtedly be of immense service to our agricultural community and in truth to the public at large.

BEAUTIFUL PICTURE FREE

The Winnipeg Weekly Tribune, the highest, brightest and best family newspaper published in Canada west of Lake Superior, is again to the front with an unparalleled offer. The balance of the paper for this year is given free to all new subscribers for 1896; that is \$1 secures the paper from now to the first of January, 1897. Besides this great offer the publishers are presenting every subscriber for the coming year with a magnificent premium picture entitled

"THE FAMILY PETS"

This picture has been painted especially for The Tribune by one of the best lithographic artists in Canada and would sell in the open market for more than the amount asked for both the paper and the picture. It is a work of art that will adorn the walls of any drawing room. It can be obtained only by subscribers to The Weekly Tribune. It will be ready for distribution about the beginning of November and will be sent to subscribers in the order in which subscriptions are received. The Weekly Tribune—the great family paper of the Northwest and the champion of the people's rights—for 15 months and this beautiful picture, all for one dollar. Send in your orders now. Address:

Tribuna Pub. Co., Winnipeg.

Both Had Eczema In Its Worst Form

After Physicians Failed, Hood's Sarsaparilla Perfectly Cured.

Great mental agony is suffered by persons who see their children suffering from diseases caused by impure blood, and for which there seems no cure. This is turned to joy when Hood's Sarsaparilla is resorted to, for it cures the foul humors from the blood, and restores the diseased skin to fresh, healthy, bright tones. Read the following from grateful parents:

"To C. I. Hood & Co., Lowell, Mass.:—We thank you for Hood's Sarsaparilla, the best medicine on the market for blood and skin diseases. Our two children were cured by it."

Worst Form of Eczema

For many years we had three physicians at our house, but none of them could cure our children. At last we tried Hood's Sarsaparilla and in a month both children were perfectly cured. We recommend it to all who are afflicted with this disease.

Hood's Sarsaparilla

as a strengthening family medicine, and would be without price. Hood's Sarsaparilla is sold by all druggists and is the only medicine that cures this disease.

Hood's Pills cure liver and stomach diseases. Send a stick of chewing gum for free trial.

Tales From Town Topics

Quarterly, first day of March, June, September,
and December. Each issue contains a
number of short stories, poems, bur-
lesques, and other light reading matter.
Original price per copy of 75 to 100 pages.

No one who enjoys the highest class of fiction,
and would be so content with that, but to read
and enjoy the best of the best, should read
the "Tales From Town Topics" every
month. There is no such interesting reading in
the "Tales" that a club subscription, to both
old and new friends, with a constant reading of
the most interesting and up-to-date material, is
not to be missed.

THE DOMINION COMPANY, PUBLISHERS FINE BOOKS

VAN BUREN STREET, CHICAGO,

CHIT-CHAT LOCALS. STORY D

D. L. Shannon is spending a few stormy hours on his mill property.

The best stock of pipes and cigars in town is at Geo. W. Baker's.

His Lordship, the Bishop of Saskatchewan and Calgary, arrived here by Saturday evening's train.

Mr. T. P. Wadsworth, Chief Inspector of Indian Agencies, left for the south by Thursday's train.

Buy your Hosiery and Gloves, at F. C. Baker's.

W. R. Fish returned from his trip north of the river Saturday. He reports doing a fair business.

The largest and best selected stock in town I think is at F. C. Baker's, where it is no trouble to show goods.

Arrivals at the Prince Albert Hotel.—James Mills, J. Hall, Rotherham, Victor Carrier and wife, Boucher, J. Vignault and son, George Gallant, St. Louis de Langevin, T. Wright, G. Hall, Moose Jaw.

Owing to the low stage of water and the ice running in the river, Shannon's men experienced considerable difficulty in crossing teams, etc., on the ferry. They were bound for the lumber shanties where they will get out saw logs and timber for his mill.

The weather for the past week has remained cold, with considerable frost at night, forming ice along the edges of the river and causing considerable trouble with the ferry boats at different points. At present, appearances are that the ice bridge will soon be formed.

The only place in town where you can get your watch fixed or your jewelry repaired is at the Post Office Store. Two practical men on hand all the time.

At the Royal Hotel.—A. McDonald, Minnesota; A. W. Richardson, J. P. Callon, Moose Jaw; F. W. Spurr, J. Spurr, Shell Brook; J. Brooks, Island Lake; P. A. Lendrick, London, Eng.; R. Giles and son, Red Deer Hill; J. P. Smith, Snake Plain; Hugh Vickers, Forks Saskatchewan.

Now that Congdon's bricklayers, stonemasons, etc., have got out of the way, Contractor Holmes and his carpenters are making rapid progress with the joiner work in connection with the Wittenman brewery buildings. Mr. Congdon's part of the work is a credit to him, and we feel safe in saying that Mr. Holmes' portion will be equally as good.

At the Queen's Hotel.—John McDonald, F. H. Rees, H. E. Holden, C. R. Dixon, Winnipeg; D. Sullivan, Red Deer Hill; S. Outlette, Boucher; G. F. Anderson, Island Lake; Mr. Moore, Rev. Mr. McLellan, Kinstino; H. Keith and man, J. Campbell, R. R. Isbister, James Drexler, Snake Plain; D. Simons, Carlton; G. C. McLeod, Dauphin, Miss Field, England.

In another column will be found an advertisement calling for tenders for the making and keeping of ice in condition for curling during the winter months, also for use of shed and stove all exclusively for the use of curlers. We hope to see some enterprising individual stand in tender for the erection of a covered rink, which we think if properly managed—can be done at about same rates as last year.

The Orangemen of this district, under the patronage of L.O.L. 1617, will celebrate the Fifth of November this year by the holding of a banquet at the American House on the evening of that day. A large number of invitations have been issued, a great many of which have been accepted, and indications are that a pleasant evening is in store for the brethren and their wives, and those who will be present as guests.

Ladies, don't forget to see the Jackets and Trimmed Hats at F. C. Baker's.

Coun. Donaldson has had a busy week looking looking after the repairing of the ferry road down the embankment. An excellent job has been done, despite all the pointers given by those who knew the only way to do it. The road has been widened, straightened and lengthened, with a gradual and easy decline to the water's edge and the north side firmly built up with large boulders to protect it from the ice, etc., also a railing has been built on either bank for the safety of those using it. Taken altogether, a very creditable and useful piece of work has been done.

F. C. Baker is selling Ladies Jackets, worth \$5 for \$3.

On Sunday evening last his Lordship the Bishop of Saskatchewan and Calgary held a confirmation service at St. Alban's church. Twenty applicants presented themselves for the sacred rite and were admitted into full membership of the church. His Lordship was assisted during the ceremony by the Ven. Archdeacon of Saskatchewan and Rev. Geo. Moore, rector of the church. After the ceremony was concluded His Lordship preached an appropriate sermon, the general trend of his remarks being directed towards the newly inducted members. The church was crowded with a large and attentive congregation.

NOTICE

Notice is hereby given, that the partnership between William L. Fleming and W. J. Fleming, who have been carrying on business as Fleming & Co., has been dissolved. All accounts due to said firm are to be paid to W. J. Fleming, who will pay all accounts due to said firm on or before the 1st day of September, 1900.

Witness: W. J. FLEMING, J. A. STEPHEN, J. A. W. WILSON, M. D.

If you want a clock go to Baker's, prices from \$1 to \$25; all goods guaranteed.

Don't go around with cold fingers when you can get gloves so cheap at F. C. Baker's.

A very enjoyable dance took place last Tuesday evening at the residence of Mr. A. McLeod, Colleton.

Miss Annie McBeath, of Colleton, suffering from an attack of quinsy and is under medical attendance.

Mr. H. E. Holden arrived here from Winnipeg last Tuesday. He has taken charge of the jewellery department in Geo. W. Baker's store, and comes well recommended as a first class workman.

If you are in need of good goods why go to Geo. W. Baker's, he has the best that money can buy.

Underwear for men at F. C. Baker's only \$1.50 a suit, guaranteed all wool.

The residence of Mr. John Macaulay of Willoughby was the scene of a happy event Saturday last, the occasion being the marriage of his eldest daughter to Mr. John Evans of our town.

RELIEF IN SIX HOURS.—Distress, Kidney and Bladder troubles, relieved in six hours by the "GREAT SOUTH AFRICAN KIDNEY CURE." This new remedy is a great surprise and delight on account of its exceeding promptness in relieving, and its safety. It is a sure cure for all kidney troubles, and is a great relief to the sufferer. It is a great relief to the sufferer. It is a great relief to the sufferer.

The "Rural Canadian" continues to be the most practical paper for the all-around farmer to read. It has made a decided "hit" in securing the soil right for Canada of "The Farmer's New Guide," a well bound and handsomely illustrated volume of 178 pp., published at \$2.50 and not sold at a lower price except in connection with the "Rural." Every farmer should have the Guide and "Rural." Both sent to any address on receipt of \$2.50.

Cathart relieved in 10 to 60 minutes.—One short pull of the breath through the River supplied with each bottle of Dr. Agnew's Cathart Powder, diffuse this powder over the surface of the nasal passages. Painless and delightful to use it relieves instantly, and permanently cures Cathart, Hay Fever, Colds, Headache, Sore Throat, Bronchitis and Croup, all cures. At J. G. White & Co.

The annual meeting of the Mechanics and Literary Institute will be held at the town hall on Thursday evening the 31st inst., at 7 o'clock. Election of officers and other important business.

Heart Disease relieved in thirty minutes.—All cases of organic or sympathetic heart disease relieved in 30 minutes and quickly cured by Dr. Agnew's Cure for the Heart. One dose convinces. Sold by J. G. White & Co.

There is only one place in town to get your Watches and Jewellery repaired right, at right prices, and right on time, and that is at Baker's.

Miss Field, a celebrated artist and writer of London, Eng., arrived in town by Saturday's train, and has since occupied most of her time in sketching the many beautiful points in and about the town. Yesterday she accompanied Mr. Speaker Butts for a short drive, and was most liberal in expressing her admiration for the beauties of our location. Prince Albert is always benefited by the visits of tourists, more particularly so when they chance to be newspaper people. Miss Field expects to remain about a week.

For the finest assortment of novelties in jewellery, trilly pins, etc., call at Geo. W. Baker.

RHEUMATISM CURED IN A DAY.—South American Rheumatic Cure, for Rheumatism and Neuritis, radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease. Immediately disappears. The first dose greatly benefits. 75 cents. Sold by J. G. White & Co.

LACROIX BROS

SPECIAL OFFER

—TO—

Newspaper Readers

Extraordinary Inducements.

THE HIT OF THE 19th Century.

The SASKATCHEWAN TIMES begs to announce that it has completed arrangements for clubbing with the Family Herald and Weekly Star, Montreal, that superb Metropolitan weekly which is recognized as a phenomenal paper by the leading papers of the world, and which is in the true sense considered all over the continent as a household necessity. The Family Herald and Weekly Star has no competitor. The Family Herald is a quarter of a century old and it is celebrating the event by presenting each year a subscriber with a magnificent picture, a picture which is simply carrying the people of Europe by storm. It is entitled "Mother's Darling." The Times will accept \$1.75 for the Family Herald and Weekly Star, of Montreal, and THE TIMES for one full year.

ONE CHANCE A TRIAL.

The SASKATCHEWAN TIMES draws attention to the clubbing announcement above, and to give THE TIMES readers an opportunity to know what sort of a paper the Family Herald and Weekly Star is, any reader of THE TIMES who sends us 25 cents will receive the Family Herald and Weekly Star, of Montreal, for full three months. This trial will enable strangers to acquaint themselves with the most successful weekly paper in this country. Don't forget to send your quarter dollar to THE TIMES. It's a chance you may not get again for a long time.
